

PAPER BASED PACKING MATERIALS

100% Recycled & Recyclable

SOWJI PAPERS – Company Profile

Sowji Papers began its journey in **2017**, backed by strong technical expertise from operating a **120 MT per day duplex board manufacturing facility**.

Recognizing the growing demand for **high-caliper, high-strength paper boards**, we established our own production operations in **2018**.

Since then, we have built a strong international presence, successfully exporting to:

- Middle East
- Sri Lanka
- United Kingdom
- United States
- Europe

Today, we are proud to serve **thousands of customers across India and global markets**, delivering consistent quality and reliability.

We are committed to being a dependable partner in your packaging and board requirements.

Sowji Papers is a **trusted B2B paper board solutions provider** offering:

- FSC® certified boards
- 100% recycled and eco-friendly materials
- High-performance packaging and industrial boards

Our products are widely used in:

- Rigid box manufacturing
- Packaging industries
- Printing and stationery applications
- Industrial board usage

We are recognized as a **reliable exporter from Tamil Nadu**, supplying high-quality boards to global brands.

Global Export Expertise
